PRODUCT MANUAL & APPLICATION INSTRUCTIONS

GREEN GUARDIA

PRODUCT NAME:

GREEN GUARDIA POWER MITE SPRAY, 500 ml

GREEN GUARDIA POWER MITE SPRAY is a ready-to-use repellent spray for targeted mite control and prevention on typical contact and living surfaces.

PRODUCT DESCRIPTION:

1 BRIEF DESCRIPTION:

The spray is a ready-to-use repellent against mites, suitable for indoor and outdoor use, especially on typical contact and living surfaces, and is based on plant-derived ingredients and essential oils.

2 WHAT IS THE MITE REPELLENT SPRAY?

The product combines natural plant extracts and essential oils and can be used immediately as a repellent. It helps to make treated areas less attractive to mites and can be applied to typical surfaces and environments where mites may occur.

MITE INFESTATION:

Mites are microscopic pests or spider-like organisms that can occur in textiles, pet bedding, upholstered furniture, carpets, mattresses, pillows and similar areas.

Signs can include itching, frequent scratching in animals, irritated skin or increased infestation in certain resting areas. Regular treatment of typical contact surfaces can help reduce reinfestation pressure.

COMPOSITION:

Water, alcohol, neem oil, citronella oil, geraniol, auxiliary ingredients (emulsifiers, preservatives)

USE BIOCIDAL PRODUCTS WITH CAUTION.
ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.

BPR Registration Number: N-121073
Product Type: PT 19 – Repellents and Attractants

POWER

MITE SPRAY

FOR TARGETED MITE CONTROL

GREEN GUARDIA

The Mite Spray with geraniol effectively helps repel mites in your home. It works quickly, is easy to use, and is ideal for textiles, upholstery, mattresses, and hard-to-reach areas.

SIMPLE TO USE – IN 4 STEPS

1 PREPARE

Thoroughly clean textiles, upholstery, and surfaces and remove loose dirt and debris.

2 SPRAY

Spray the Mite Spray evenly from a distance of approx. 20–30 cm (8–12 inches) onto the affected or at-risk areas.

3 LET IT WORK

Allow to dry completely for best results. Do not cover or wipe for at least 4–6 hours.

4 ENJOY PROTECTION

The spray forms a protective barrier and helps keep mites reliably away.

APPLICATION AREAS OF THE SPRAY

BEDS & MATTRESSES

Mattresses, bedding, pillows, blankets, and mattress toppers.

UPHOLSTERY & SOFAS

Upholstered furniture, cushions, armchairs, and seat pads.

CARPETS & FLOORS

Carpets, area rugs, mats, and floor textiles.

PET AREAS

Pet beds, blankets, and pet baskets – for a clean environment.

CURTAINS & TEXTILES

Curtains, fabric items, clothing, and other textiles.

OUTDOOR AREAS

Balcony furniture, cushions, sun umbrellas, and outdoor textiles.

TIPS & RECOMMENDATIONS FOR OPTIMAL PROTECTION

USE REGULARLY

For preventive protection, use 1–2 times per week. In case of a heavy infestation, spray on 3 consecutive days, then repeat 1–2 times per week.

CLEAN THOROUGHLY

Vacuum mattresses, upholstery, carpets, and corners regularly. Dispose of the vacuum bag immediately.

WASH TEXTILES AT HIGH TEMPERATURES

Wash bedding, covers, and blankets at at least 60 °C (140 °F) to kill mites and their eggs.

IMPROVE VENTILATION & INDOOR CLIMATE

Ensure regular ventilation and low humidity (under 50%) to make it harder for mites to survive.

TREAT ALL AREAS

Treat not only visible areas, but also cracks, seams, and hard-to-reach spots.

KEEP PET AREAS IN MIND

Wash or clean pet beds and blankets regularly to help keep mites away.

IMPORTANT: Avoid contact with eyes, skin, and mucous membranes. Do not spray directly on people or animals.

GREEN GUARDIA

POWER MITE SPRAY

FOR TARGETED MITE CONTROL

FREQUENTLY ASKED QUESTIONS (FAQ)

HOW DOES THE MITE SPRAY WORK?

The spray contains geraniol, which effectively repels mites and helps prevent their spread. It works quickly, is easy to use, and provides long-lasting protection.

DOES THE SPRAY KILL MITES?

No, the spray does not kill mites. It repels them, discourages them from settling, and helps prevent infestation.

WHAT AREAS IS THE SPRAY SUITABLE FOR?

Ideal for beds, mattresses, bedding, upholstery, carpets, curtains, clothing, pet beds, car seats, and other hard-to-reach areas both indoors and outdoors.

CAN I ALSO USE THE SPRAY ON PET BEDS?

Yes, pet beds, blankets, and baskets can be treated regularly. Make sure the animal is not in direct contact with the wet surface during application.

HOW OFTEN SHOULD I USE THE SPRAY?

For prevention, use 1–2 times per week. In case of a heavy infestation, spray on 3 consecutive days, then repeat 1–2 times per week for ongoing prevention.

HOW LONG DOES THE EFFECT LAST?

The effect lasts for several days, depending on the environment, humidity, and use. Regular application ensures long-lasting protection.

CAN I USE THE SPRAY OUTDOORS?

Yes, the spray is also suitable for outdoor use, e.g., on patio furniture, balconies, garden furniture, sunshades, dog houses, and other outdoor areas.

DOES THE SPRAY DAMAGE TEXTILES OR FURNITURE?

When used properly, the spray is gentle on materials. Always test first on a small, inconspicuous area. Do not spray on delicate silk, leather, or untreated surfaces.

IS THE SPRAY SAFE FOR CHILDREN & PETS?

The spray is safe when used as directed. Avoid contact with eyes and mucous membranes. Keep out of reach of children and pets until the surface is completely dry.

CAN I USE THE SPRAY FOR ALLERGY RELIEF?

Yes, the spray can help reduce the burden caused by mites and support a more comfortable indoor environment.

IS THE SPRAY SUITABLE FOR TRAVEL?

Yes, it is ideal for hotel rooms, holiday apartments, mobile homes, and on the go. Simply treat textiles and upholstery before use.

DOES THE SPRAY HAVE A STRONG SMELL?

No, the spray has a pleasant, fresh scent thanks to geraniol, which dissipates after a short time.

DO YOU HAVE MORE QUESTIONS?

Our customer service will be happy to help! Simply contact us via the channels provided on the packaging.

CAN I ALSO SPRAY CLOTHING OR CURTAINS?

Yes, clothing, curtains, and fabrics can be treated. Allow them to dry completely before wearing or using them.

PROTECT YOUR HOME – FOR A COMFORTABLE LIVING ENVIRONMENT!

Regular use keeps mites at bay and ensures greater hygiene and quality of life.

SERVICE & SAFETY INSTRUCTIONS

SAFETY INSTRUCTIONS:

GENERAL RECOMMENDATIONS:

- **Shake well before use:** The spray contains natural oils; some components may settle. Use the product only after mixing it thoroughly.
- **Do not use in direct sunlight:** It is best to use the spray in the early morning or late evening to prevent surface discoloration or damage to plants.
- **Test on a sensitive surface before use:** First try the product on a small, inconspicuous area and wait 24 hours.
- **Keep out of reach of children and pets:** Although of plant origin, avoid contact with eyes or mouth.
- **Store in a cool, dry place, away from light:** Ideal storage temperature: 10–20 °C (50–68 °F). Protect from frost and direct sunlight.
- **Do not release into aquatic environments:** The product must not be discharged into ponds, aquariums, or drainage systems.
- **Use of gloves is recommended:** Wear gloves during application and, if necessary, safety glasses, especially with frequent use or on large surfaces.
